

Scene Questionnaire

The following is a list of activities in the BDSM scene. It can be used by both the dominant (male or female) and the Submissive (female) to interview each other, and see what level both are at. It is also used to find commonality.

Place a check next to each box which you can relate to the most. If confused, go to the next one, and come back when finished with the rest. Answer each question honestly.

Where it says "Yes/No/Try" = means whether you've experienced that type of activity before. Put "Y" for yes or "N" for no and a "T" to try something new.

Rating scale for checklist:

0 = Do not ever ask me to do this, or hard limit.

1 = I don't want to do this activity, but wouldn't object if it was asked of me.

2 = I'm willing to do this activity, but it has no real appeal for me.

3 = I usually like doing this activity, at least on an occasional basis.

4 = I love doing this activity, and would like to experience it on a regular basis.

5 = I love this activity it makes me "hot", and would like it as often as possible.

Note1. Some of these may fall under a few categories (example: Blindfolds can be Humiliation & mental bondage)

Note2. Some of these could be used for health reasons too (example forced exercising)
